

MSC L.T. Jordan Institute for International Awareness

# 2019 FELLOWS LECTURE SERIES

Every year, the MSC L.T. Jordan Fellows publicly present their internationally conducted research, highlighting their personal experiences while being immersed in a foreign culture.

MSC L.T. Jordan Fellow  
Sarah Brinkley

Presents

Seeking quality over quantity  
Can soil management practices improve  
coffee quality for Honduran farmers

Please join us on Wednesday, October 9th at 4:00-5:00 pm in HFSB 105.

**Sarah Brinkley is a PhD candidate in the Department of Horticultural Science. She traveled to Honduras to study how soil health impacts coffee quality and how it may improve agricultural management practices.**
